

Manotizer type 23704

Focus on hand disinfection

Run a video, presentation or show pictures on the display to help your sales

The automatic hand disinfectant dispenser enables the simultaneous application of disinfectant to both hands with exact dosing of the adjustable amount of disinfectant. The Manotizer is available in two versions. With the optional integration of a 11.6" color information display, the Manotizer offers additional advertising space and supports the increase in sales.

Version

- Completely made of stainless steel 1.4301
- High performance membrane pump avoids the outflow of surplus liquid
- Easy to clean
- Less handling by using a 5 liter reservoir
- Special circuit board to activate automatic doors

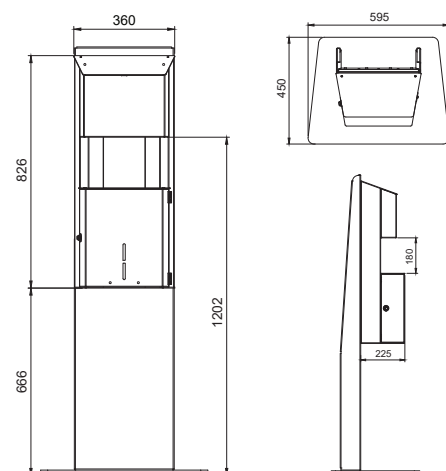

Options

- 11.6" display - ideal for advertising measures as an additional source of income. Display controllable via cloud
- Available on pedestal (various types)
- Powder coating in a RAL color
- Company logo application

Technical data

Type	23704
Measurements (DxWxH)	225x360x826 mm
Main connection voltage	230 V/PE
Nominal rating power	0.05 kW
Mains frequency	50 Hz
Control voltage	24V DC
Protection class	IP44
Net weight	Approx. 11 kg
Room temperature	Min. +4°C, max. +40°C

Technical data may be subject to changes
