

## Trolley type 2410

Trolley type 2410 - 200 l

## Efficient working and transporting

### Application

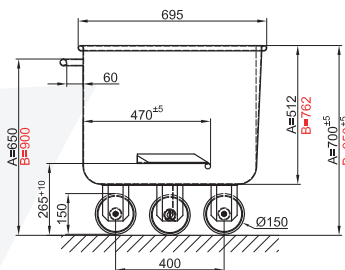

Food can be easily and hygienically transported in the robust and stable 200/300 l standard trolley type 2410.

### Version

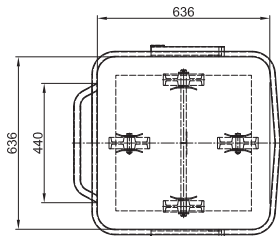

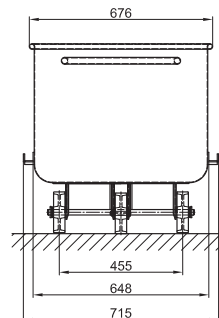

- Strong finish made of 2 mm stainless steel sheets, material No. 1.4301
- Extremely stable and hygienic due to the all-round, fully welded bead edge. The corners of the bead edge are lined with 14 mm solid material
- Deep-drawn trolley base reinforced to a total of 5.0 mm
- Electrolytically polished hygiene surface
- Easy to move with continuous central axis and robust wheels made of high-quality polyamide

### Options

- Wheels in individual color
- Perforated walls and floors
- Pipe nozzle
- Plastic lid made of polyethylene
- Stainless steel lid with handle
- Special designs on request
